Good afternoon my co- prayer warriors. You guys prayed for me last week. I asked for the LORD to use me as a testimony of His love, grace, mercy and compassion while recuperating after surgery. Thank you prayer partners for praying for my successful liver surgery last May 8. I got discharged from TGH yesterday. God is amazing/awesome on how HE placed a spiritual boldness upon me to witness and share the love and gospel of JESUS CHRIST to my next cubicle patient neighbor at TGH named Mr. Peter Bell and his wife. I see lots of emptiness and voidness in his face and tried to share that Jesus loves him and to call upon Him anytime. He is atheist. pls continue to pray for salvation for him and his wife that the LORD will continue to let the seed grow in their hearts planted yesterday. Both have been very receptive of the gospel. Wife is Catholic Thank you so much. Glory, honor, power, & praise to our one and only KING JESUS. Our miraculous divine healer, way-maker and our greatest physician. Glory to His Holy name. Jesus, i can't thank you enough.
