Praise report. Deirdre (who had two broken arms and had to have surgery) was back in church yesterday. She said to say "Thank you for your prayers" and that the doctors said that the arms are healing incredibly fast. They are amazed. She also had a chance to witness to a lady who is 87, and asked that we would keep that lady in prayer for she did not receive Jesus as her Saviour yet. Thank you.

Thank you who prayed for our ladies' meeting yesterday. God sent us two gentlemen from Mississippi who are in a rehabilitation program, The City of Refuge. One gave his amazing testimony and we prayed for him. God has done a work in his life and he is facing prison for his past. He is completely sold out to Jesus now. His name is Devin. Please pray for God to work in a miraculous way to remove a long prison sentence, or even one at all? He is ready to face the consequences, but our God is certainly able to rescue him from prison just as He rescued him from hell. Thank you.

Shalom brothers & sisters...so much to pray for...can I pls ask for prayers for our District here in Rainy River, ON & one of the small communities who is being taken to court, for which a decision is expected to take place on May 3/24. This sm. town refused to fly the 'pride' flag in their community & to celebrate this type of lifestyle during events thru the year (ie. parades) where the Cdn gov't has made allowance for the open celebration of this unbiblical life style. My heart is severely burdened for our area. God

Quentin is in a tremendous amount of pain right now. He wasn't able to stay at his step father's funeral. Lily is trying to figure out if the medicine, Reglan, could be causing muscle spasms. We are home, yes, but he is still in a lot of distress. Eating is difficult. Everything he tastes and smells is like lysol or window cleaner. So, he has eaten very little. This was a huge 14 hour surgery. They took out many organs, and then chemically burned his peritoneal cavity. He was in a coma 2 days after his surgery. This is day 17 since the surgery, day 15 since he came off the ventilator. He goes back to City of Hope Monday.
