Please pray again that my mass will be benign. My family dr said it looks more like cancer with the ct with contrast but ,I was able to look online at my Ct without contrast and it leans more toward benign, it is a bleeding cyst which can cause it to look solid and will also leave fluid in my pelvis as it shows. They are usually benign. I have a Drs appt tomorrow. I do NOT accept a bad result.

PRAYER REQUESTS:

1. That I can witness to my non -believing friend Ben when he comes over for dinner this Friday. He's a bassist in a death metal band;

2. That my estranged daughter will believe and follow the Lord;

3. That non-believers who make feeble arguments against the faith and persecute the faithful will be silenced by a real encounter with The Lord Jesus, a kind of Road to Damascus moment for each of them;

4. That my country Canada will repent of the culture of death through MAiD, abortion and the lies of gender ideology.

Praise Report: The Lord has found a house for my nephew Richard L. now, please continue to pray for his salvation and for deliverance from booze and drugs. Thank you.

Jason

PRAISE REPORTS:

1. I had a terrible ear wax blockage that has cleared through shrewd use of ear drops and prayer;

2. I have cleared out my office at the university and am now officially "off campus"! If you know anything about how ungodly universities are today, I can tell you that believers are persecuted, as I was. So, I retired. Praise

God!
